Clinic Equipments

DENTCLASS PLUS HOLDER DENTAL UNIT

Ergonomic

- Sitting and working area with 45 cm descent of the seat
- Large instrument table for the doctor to work comfortably
- Pneumatic brake system that provides the convenience of working for the dentist
- Ergonomic headrest suitable for use with double hinged pedo

Safe and Practical Operation

- “Close attention” designed backrest that makes it easier for the doctor to approach the patient.
- Safety switch enabling automatic stop for emergencies
- Seat mounted, pneumatic system, 90 degrees rotatable ceramic cuspidor
- A single foot pedal that controls the speed of the heads and the movements of the seat

Free Movement Capability

- Ergonomic seat with electromechanical system, 4 programs including LP and 0 positions, capable of having trandelenburg position
- Synchronized movement of the backrest and footrest that does not disturb the patient
- Shock absorber system supporting 24 V DC motors

Assistant Control Panel

- Assistant control panel where the unit and seat movements with five outputs can be controlled

Wide Doctor Table

- Large instrument table designed for the dentist to work comfortably

Reflector

- Two-stage illumination with cold light close to natural daylight with or without sensor

Cuspidor

- Seat mounted, pneumatic system, 90 degree rotatable cuspidor with ceramic bowl. Timed and autoclavable cup filler and bowl washer

Foot Pedal

- Foot pedal that controls the speed of the headboards and the movements of the seat

Ergonomic Headrest

- Ergonomic headrest suitable for use with double hinged pedo

Patient Transfer And Blood Letting Stretchers

C-6000 HYDRAULIC EMERGENCY STRETCHER

- Hydraulic height adjustment
- Back part is adjusted with shock absorber
- Trendelenburg shock absorber controlled
- Reverse trendelenburg damper control
- Easy to clean, compact laminate mattress platform
- Antimicrobial, heat proof, flame resistant and air permeable mattress
- Foldable guardrails
- Lockable and removable ergonomic push bars
- Serum hanger slots
- Lockable wheels
- Height-adjustable, stainless steel serum hanger
- Back Angle: 0°-70°
- Reverse trendelenburg Angle: 0°-16°
- Trendelenburg Angle: 0°-16°
- External Dimensions: 72 x 213 cm
- Mattress Dimensions: 60 x 190 cm
- Height Adjustment (without mattress): 53 x 81 cm

OPTIONAL ACCESSORIES

- Safety belt
- Oxygen tube carrier
- Paper towel rack
- Central lock wheel

C-5000 PEDIATRIC HOSPITAL BED

- 1 ADJUSTABLE BASIC PEDIATRIC BED
- Outer Dimension: Width 840 mm, Length 1500 mm Height: 1020 mm
- Bed Surface Dimension: Width 700 mm, Length 1400 mm, Height 520 mm
- Standard Weight Capacity: 150 kg
- Two Separately Lockable Wheels: 125 mm
- Ergonomic Dining Table 400 mm x 800 mm
- Hydraulic Adjustable Dining Table Height: Min. 670mm, Max. 1070mm
- 360 ° Rotation Polymer Twin Wheels: 50 mm / Both Single Lockable

C-7680 WOODEN EXAMINATION TABLE

C-7750 COMPANION SEAT

- **Technical Specifications = Sponge**
- **The sponge we use in our companion seats is 32 dns gray hard or gray soft sponge depending on customer request. On the sleeves, he uses 3 cm gray hard sponge or 2 cm bondex sponge.**
- **Frame: Iron profiles of 1.2 mm wall thickness, 20×20 mm, 20×30 mm, 20x 40 mm, 20×50 mm dimensions are used in our companion seats. In the box arms and lath reinforcements, high efficiency was obtained as a skeleton by using kiln-dried hornbeam wood.**
- **Fabric: Completely mass-produced fabrics and leathers are used as upholstery fabric and leather in our companion seats. On the subject of fabric, we choose among the products of the company that we have used and liked for years. In addition, the fact that our fabrics are easy to clean, resistant to abrasion and impacts is another issue we pay attention to.**
- **Seating Width: 70 cm**
- **Bed length : 185 cm**
- **Height:80cm**
- **Total Width :95 cm**

HERCULE SILENT 100LT 6HP DENTAL COMPRESSOR

FEATURES

- Completely oil-free dry air dental compressor.
- Supports 4-6 units.
- Has a power of 6 hp with 3 2 hp engines.
- Very quiet and the sound level is only 66 db.
- Works without shaking and vibration.
- Produces 555 Lt/min air at 5 bar pressure and 840 Lt/min idle.
- The tank capacity is 100 liters.
- Has thermal protection that prevents the engine from burning out.
- The pre-cooling system, which prevents condensation, operates with a mains voltage of 220v 50hz.

PRODUCT DIMENSIONS

(H x W x D) 85 x 110 x 52cm

Weight : 105 kg

Warranty Period : 2 years

Production location: turkey

The compressor and all parts used on the compressor have CE certificate.
